**Just a reminder** that the church currently has two open free will love offering opportunities to support families in crisis - one for Taylor and Grace McSwain, to help with the expenses surrounding the extended hospitalization of Georgeanna; and one for Kelley, River and Evan O'Kain, to help them manage this difficult time after John's death. We are grateful for your consistent and inspiring generosity.

Please continue to hold **Jim McGill**, Mission Co-Worker in Niger, in your prayers. Jim suffered a ruptured appendix while in country and was rushed to the hospital in for emergency surgery. His condition deteriorated last week and he was airlifted to the American Hospital in Paris. There the doctors have been able to stabilize him and he is now out of ICU and beginning to eat solid food. He expects to be in the hospital in Paris for another 7-10 days.
